

## **Cisco College Surgical Technology Program Application**

**Program Director:** Mrs. Jennifer Mazey

Thank you for your interest in Cisco College's Surgical Technology Program. The SRGT Program is a 12-month program, with one starting in August and one starting in January of each year. Applications for the January 2025 start will be accepted from **June 1, 2024, at 8:00 am** until **October 31, 2024, at 4:00 pm**.

The Surgical Technology Program is a strenuous program requiring your full-time commitment and attention. It is a limited-access program and accepts no more than twelve students; as a result, the selection process is taken very seriously.

**For your application to be considered, you must turn in the following:**

- a. Completed application
- b. Completed Physical
- c. Professional Resume and cover sheet stating why you want to be a surgical technologist
- d. A printed copy of unofficial transcripts
  - a. *If you have not completed BIOL 2401 and 2402 with a "C" or better by August 1, 2024, you must be enrolled in VNSG 1420*
- e. Copy of immunization records

**Applications will not be considered if you are not TSI-compliant in all areas, have all transcripts submitted and reviewed by the Cisco College Registrar's Office, and, have no holds on your account by October 31, 2024, at 4:00 pm.**

**Required if accepted into the program, not for submission of application**

Upon acceptance into the SRGT program, a background check, and drug urinalysis will be required. Certain convictions may result in denial by a clinical site and/or restrict employment in the healthcare field. A 10-panel urine drug screen is also required before you can begin clinicals.

For information regarding the program costs, please contact Cisco College Financial Aid Department at 325-794-4412.

Should you have any questions, please do not hesitate to contact me.

Thank you,

Professor Jennifer Mazey, CST, AAS
