## C. ESSENTIAL FUNCTIONS REQUIRED OF STUDENTS FOR ADMISSION AND PROGRESSION IN THE SURGICAL TECHNOLOGY PROGRAM

The following standards are considered essential criteria for participation in the Surgical Technology Program. SRGT applicants must be able to independently engage in educational activities and clinical training activities in a manner that will not endanger clients/patients, other students, staff members, themselves, or the public. These criteria are necessary for the successful implementation of the clinical objectives of the SRGT Program. For acceptance into or retention in the SRGT Program after admission, all applicants with or without accommodations must:

- Possess sufficient visual acuity to independently read and interpret the writing of all size.
- Independently be able to provide verbal communication to and receive communication from clients/patients, members of the health care team, and be able to assess care needs with the use of monitoring devices, stethoscopes, infusion pumps, fire alarms, and audible exposure indicators, etc.
- Possess sufficient gross and fine motor skills to independently position and assist in lifting client/patients, manipulate equipment and instrumentation, and perform other skills required in meeting the needs of the surgical patient.

I hereby certify to the best of my knowledge that the preceding information is complete and accurate.

_____ _____

***Print Name of Physician, Physician Assistant, or Nurse Practitioner*** ***Date***

_____ _____

***Signature of Physician, Physician Assistant, or Nurse Practitioner*** ***Date***

***The following are mandatory immunizations/tests required for acceptance into the Surgical Technology Program.***
